Pierre-Emmanuel Largeron -

Voices Without Borders

26th February 2016

To participate, you will need to use an iOS device (iPod, iPhone or iPad) and install the Sherwell app (requires iOS 7.1 or later).

Here are a few instructions:

a) Connect to the Internet.

Go to Settings/Wi-Fi in your device and log into the University's network ('withPlymouth') to access a free 4h Internet session (or use your own data plan).

b) Install the Sherwell app.

Go to Apple's iTunes Store and download the Sherwell app.
You can do that in your own device by tapping on the App Store app and searching for "**Sherwell Music**", or by going to this link:

https://itunes.apple.com/gb/app/sherwell/id1059335857.

When the installation is successful you'll find this logo on your screen:

c) Open the app and enter an ID and password of your choice.

d) Click 'proceed' and you're good to go.

– The bottom numbers will select a soundtrack

– The top screen will define its tone (sound frequencies) and volume:

from lower (in the lower left hand corner) to higher (in the top right corner).

N.B. You will need to tap in the upper screen to send your choice to the system.

_____

You will be guided through the process by a green light on screen which will indicate when to participate in the performance.

Thank you,
